About Shaun de Warren    The Attitude of Gratitude    Shaun de Warren was born in Bangalore India in 1941 to a British Military family. Educated at a leading public school he went on to serve as a cavalry officer in the 11th Hussars Regiment for 10 years. His military career included service with the United Nations, senior instructor at a junior soldiers regiment. Choosing to move careers he re-qualified as a Barrister and practiced law at the Inner Temple in London. A life long fascination for the "why and how" of life led him to study spirituality, metaphysics, psychology, philosophy and healing methods with many leading teachers in the west and east. From this he developed his own unique expression, addressing through world-wide talks on relationships, health, prosperity, business, abundance spirituality and personal wellbeing. Shaun founded The Prosperity Club in Flood Street, Chelsea, London which meets every Thursday and serves as an introduction to his work. The greatest gift is an attitude of Gratitude and it is from this state of grace that the "Marietta in conversation with series of tapes" and CD's emerged. The series is dedicated to the teachers who helped her on her journey.

On the this series of cassettes / CD's, Marietta acknowledges Shaun de Warren who was the first person to teach her to watch those thoughts!!!
