

The Healing House

Marietta Pinto-Hayes

Marietta was born in Bangalore, India and lived in Kuwait from the age of two. Commuting between Kuwait and Bangalore where she was educated by nuns, Marietta developed a taste and love of travel. She went on to form her own company writing incentive programmes and escorting Global Corporate companies all over the world. Prior to this she spent eight years in the financial and banking world.

Marietta met and studied with many teachers and enhanced her love for self, others, animals and nature. From nature she found the stillness represented in trees, loves to be around water and on boats and developed a passion for life and encouraging people to open up to the creator within themselves.

The Healing House was founded by Marietta when she realised that suppression of creativity and expression led to most of the stresses in her life. Her background and child like quality enables her to work easily with the clergy, the corporate world, musicians and especially with the medical and scientific profession who find her approach to life completely refreshing. The Healing House logo depicting a lighthouse guides people towards like minded organisations world-wide promoting self awareness, stillness, inner power and clarity of thought.

The Healing House has an administration office in London and Marietta does private consultations and corporate work. She travels worldwide promoting Self-Empowerment through radio work and the arts.

The Healing House provides:-

- A letting Service
- Dorset Holiday Cottages
- A Self Development Service
- A Travel Club

Expand, Enhance and Enjoy and above all have Fun

We believe in living every moment and every day to it's fullest - and include, here in this section some of our favourites which you too may enjoy.

We love Dogs - Please see our very special section on Toby our current dog and stories about previous pets.

Walks - We love nature and the outdoor life, spending many hours walking every day - it is wonderful exercise and a great way to meet interesting people and their dogs.

Some of our favourite walks are listed in the Local Interest Section (Picture)

We also observe and admire some of the magnificent trees on our daily walks - Ancient of the world, as the link between the life force and the earth. THE HEALING ENERGIES OF myths and legends celebrate the powerful energies of trees by placing them at the centre TREES - shows you how to discover and experience these tree energies for yourself, promoting a conscious awareness and leading to a process of personal development and self healing. VISIT OUR SELF DEVELOPMENT SECTION FOR MORE INFORMATION.

Water - Boats & Sailing - Another of our favourites is spending as much time as we can on, in and around WATER - We swim, spend time on boats and joining friends who sail - for further information see our BOATS, PLANES AND TRAINS SECTION.

Human life is impossible without water, the potent symbol of life and healing. The Healing Energies of Water shows the many ways in which water can be used to heal and maintain health. It traces the development of our intimate relationship with water: from primitive healing cults to the most recent scientific studies; from the inspiration of water in meditation to esoteric research into the vibrational nature and memory of water. As interest in the healing qualities of our environment continues to grow, The Healing Energies of Water addresses the frontier where environmental health meets personal healing. FOR MORE INFORMATION VISIT THE SELF DEVELOPMENT SECTION..

Voice - Sound - Music & The Arts - Singing and voice work, listening to music especially classical music, going to the opera, Theatre and visits to art galleries are some of our favourite ways to relax in the evening. See the Self Development section on this.

Dance - Ballroom and Latin American dance are some of our favourite ways to relax and exercise in the evening. - Dance Holidays in the Travel Club Section.

Vintage - It's VINTAGE DARLING!!!!!! We love vintage clothes, jewellery, shoes, bags and getting all dressed up - If you love clothes, let us know, we have a couple of outlets that offer great vintage and period clothes, and wonderful jewellery.
